Android Maniacs Snippet-1

Snippet #1

Pending Transition

Description

Animation between one activity to another activity in android

ActivityLifeCycle.java

```
package com.bluegeniotech.androidcode;
import android.app.Activity;
import android.os.Bundle;
import android.util.Log;

public class ActivityLifeCycle extends Activity {
    String tag = "Events";
    @Override
    public void onCreate(Bundle savedInstanceState) {
        super.onCreate(savedInstanceState);
        setContentView(R.layout.main);
        Log.d(tag, "In the onCreate() event");
        // The activity is being created.
    }
    public void onStart()
    {
        super.onStart();
        Log.d(tag, "In the onStart() event");
        // The activity is about to become visible.
    }
    public void onRestart()
    {
        super.onRestart();
        Log.d(tag, "In the onRestart() event");
        //Called after the activity has been stopped, just prior
        //Always followed by onStart()
    }
    public void onResume()
```

Genie Wishes

Genie Wishes application is a birthday wishing application, using which one can post his own framed birthday message(along with a birthday gift) to any of the friends on his facebook wall on birthday.

This application facilitates the user by connecting to facebook and listing all the friends(including his profile picture,name and birth date) in a custom sort order with the current month birthday holders at the top. One can modify birthday message, gift image and time on which the message will be posted to the facebook wall.

User can also use the "synchronizing" feature to update this facebook friends list.

Interviewer

1. What is a Pending Intent?

Historic Tour

Discover photos into the past by seeing and interacting with the history all around you.

The HistoricTour app reveals photos near your current location and allows you to view them layered. You can also explore Collections of some of the best old photos from around the world, wherever you are.

You can add your own piece of old photos and pin it to the map, too, by using your phone to digitize an old photo, capture a modern moment of historic importance, or take a modern replica of a photo on the app.
